HEADSET PHOBOS  
WINTER WARRIOR

DESCRIPTION

The Phobos Headsets have an HD Stereo Sound with a 50mm speaker. Its foldable and unidirectional microphone is perfect for online games. The braided anti-tangle cable (1.2 m) offers great strength and durability. The 3.5mm Plug-and-Play Mini-jack makes it compatible with all platforms on the market. The volume and mute control integrated in the cable allows direct and meticulous control. Its aluminum structure and well padded headband offer greater comfort and durability. Its pads are designed to achieve greater isolation and well-being.

KEY POINTS

The Phobos Headsets have a very high quality sound, they come well equipped with extension cables for PC / MAC, they have micro folding, they are by far the best, in their range of prices are unrivaled.
